PROJECT SUMMARY

Gold Leaf Real Estate is one of the Central Valley's fastest growing real estate firms. The company aims to provide a positive work environment for employees who connect their customers with real estate properties through the use of innovative technologies.

PROJECT PROFILE

CORE Business Interiors provided finishing direction prior to the completion of this project. The 5,300 square foot building was furnished with CORE products in order to create a dynamic workspace for employees and sustain an inviting, approachable atmosphere for clients.
