PROJECT SUMMARY

Mission Hope Cancer Center is the first integrated oncology facility on the Central Coast. This state-of-the-art, integrated cancer care facility, unites Santa Maria oncology treatment, imaging, research, education and outreach services. It offers cancer patients and their families comprehensive oncology services at one location.

Opening March 2012, Mission Hope Cancer Center is a three story, 44,000 square foot facility utilizing the latest in green, energy-saving appliances and lighting.

CORE Business Interiors is proud to have been selected as the sole supplier of all office, lounge, waiting and patient room furniture. Additionally, CORE was a major supplier of exam tables and equipment for this beautiful and much needed project.

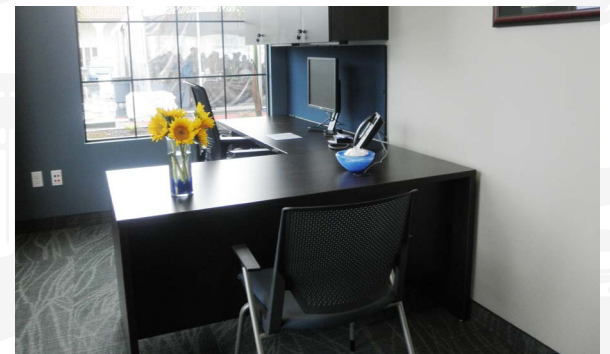

PROJECT TEAM
